E633 = PART ① + ②

E633 SuperLifter-III Repair Stand

Use a two-box packaging layout to lower per-box weight and simplify transport. Updated from SuperLifter-III Repair Stand E633.

62C5 Chain Checker

True wear isolation

62C5 utilizes a 3-point system to cancel out roller float and pin size tolerances, ensuring the reading reflects actual pin stretch rather than just mechanical play. Updated from 62C4.

Drivetrain economy

Prevents the financial waste of replacing chains too early while protecting your cassette and chainrings from the damage of checking too late.
